LEGAL COUNSEL UPDATE:

Attorney Ross stated legal counsel was not involved in many legal matters over the last month. He assisted Chief Staff with the District's Public Notice of the Proposed 2023 Budget.

FIRE CHIEF REPORT:

Fire Chief Sackett reviewed his report and mentioned a new business action item of a review and consideration of adopting a FY2023 Budget Calendar and an ambulance fee schedule. He stated there were no old business items to discuss during this Board meeting.

Fire Chief Sackett stated the District received certified preliminary assessed valuations from the Assessor's Office and the District received a significant increase. He stated Chief Staff is intending to add one more personnel to each shift and add personnel to the Wildland Division. He stated Chief Staff is working on continuing succession planning under Chief Moon's division. Fire Chief Sackett stated the District is also looking at providing a 10% COLA to compensation for staff.

Fire Chief Sackett stated he attended a CEBT renewal meeting and the District's health/dental/vision insurance premium has increased by 4.5%. Fire Chief Sackett stated the District's work comp claims experience modification factor (MOD) is expected to drop from 1.39 to 1.00, which is equivalent to a 28% decrease. He stated that, although the MOD

is decreasing, the District is still expecting a premium increase of 5% to 10%. In addition, the District's property, vehicle, and liability insurance premiums are increasing by 8%. Fire Chief Sackett stated he and Administrative Director Tillman will be reviewing and updating the District's asset schedule to better reflect the overall values of the District's properties.

Fire Chief Sackett stated the District will be hosting an Open House on September 24, 2022 from 10 am to 2 pm at Station 41. The crews are very excited and look forward to getting back to in-person community involvement.

Fire Chief Sackett stated he is thankful to serve such supportive communities and to have members with a service-oriented mindset.

NEW BUSINESS/ACTION ITEMS:

 a. Fire Chief/Administration: Appoint Administrative Director Tillman as Budget Officer/Review 2023 Budget Calendar/Review Public Notice of Proposed 2023 Budget

Fire Chief Sackett reviewed the new business item of appointing Administrative Director Tillman as the District's Budget Officer. He stated each year the District appoints a Budget Officer to compile the District's annual budget and ensure compliance with the requirement of budget hearings and notices. Fire Chief Sackett reviewed the District's Budget Calendar for fiscal year 2023, along with the Public Notice of Hearing on the 2023 Budget.

Director Miller made a motion to approve Administrative Director Tillman as the Budget Officer. Secretary Marantino seconded the motion. The motion passed unanimously.

b. Fire Chief/EMS: Consideration of Updated Ambulance Fee Schedule

EMS/Training Division Chief Van Slyke stated that during the August Board Meeting Staff discussed with the Board increasing ambulance fees. He stated feedback from the Board was to establish a data-driven approach to assess and determine if there is a need to increase the District's ambulance fee schedule. EMS/Training Division Chief Van Slyke stated ambulance fees have not been increased since the formation of the District ten years ago. He stated Chief Staff is unable to locate records that indicate if there was a fee increase at that time or if an existing ambulance fee schedule was adopted from either Burning Mountains Fire Protection District or Rifle Fire Protection District. Chief Staff has determined there is a need to increase the District's ambulance fee schedule due to the rising costs to provide services.

EMS/Training Division Chief Van Slyke presented a PowerPoint on how the District utilized a data-driven approach to develop a proposed fee schedule. He stated the Colorado Supplemental Reimbursement Program (SRP) application was utilized as a basis to determine the overall cost for the District to provide Medical Transport Services (MTS). He stated this audited report shows the District's MTS costs at \$4,107,086.24. He stated the District transported 1,050 patients in 2021. As a result, the District's average cost to transport a patient is \$3,911.51. d In 2021, the District's audited EMS revenue was \$396,409.52. The District received an additional \$134,225.67 from the SRP, for total EMS revenue of \$530,635.19. He stated this accounts for 12.9% of MTS costs. Chief Staff utilized 2021 EMS billing data to determine the number of BLS, ALS 1, and ALS 2 charges and collection rates to calculate potential billing amounts and revenue from 2021. When calculating the fee schedule, the ratio of ambulance fees to total MTS cost was the primary focus. This helped to keep the process objective in the final determination of ambulance fees. Once a BLS base rate fee was determined, ALS 1, ALS 2, and milage fees were calculated utilizing the same ratio that Medicare and Medicaid utilized in their fee schedules.

EMS/Training Division Chief Van Slyke presented the following three ambulance fee schedules:

Option 1: Set MTS revenue to a number that is 20% of MTS.

20% of MTS Costs BLS \$1,017.00 ALS 1 \$1,207.69 ALS 2 \$1,747.97 Milage \$20.02

Option 2: Set MTS revenue to a number that is 25% of MTS.

25% of MTS Cost BLS \$1,331.00 ALS 1 \$1,580.56 ALS 2 \$2,287.66 Milage \$26.20 Option 3: Set MTS revenue to a number that is 30% of MTS.

> 30% of MTS Cost BLS \$1,644.50 ALS 1 \$1,952.84 ALS 2 \$2,826.49 Milage \$32.37

Chief Staff recommends Option 2, setting MTS revenue to a number that is 25% of MTS.

Further Board discussion ensued. The Board stated it would like to revisit this topic with more accurate figures and would like to review all options before making a decision.

Director Burris made a motion to table <u>New Business Item B: Fire Chief/EMS:</u> <u>Consideration of Updated Ambulance Fee Schedule</u> to the October Board meeting. Vice President Weisbrod seconded the motion. The motion passed unanimously. Administrative Director Tillman briefly reviewed some changes to the District's Public Notice of Hearing on the 2023 Budget and the Budget Calendar for Fiscal Year 2023.

OLD BUSINESS/DISCUSSION ITEMS/FOLLOW-UP ITEMS:

None.

OPERATIONS/WILDLAND UPDATES:

Operations/Wildland Division Chief Pigati presented the following updates to his report:

- A Type 3 and Type 6 have been deployed to northern California. Total of 12 firefighters.
- Working on the Apparatus Replacement Plan for the coming years.
- Working on getting another brand of thermal imaging cameras (TICs). The MSA's that Staff ordered in October 2021 continue to be delayed either due to supply or recalls. Firefighter Asplund has done a lot of research on different brands. He has recommended, and the battalion chiefs agree with, looking at a different vendor. Staff has decided to go with FLIR TICs through Seawestern. The District purchases its personal protective equipment (PPE) from this company, and they were able to get the District TICs that have arrived on August 31, 2022.
- Type 6 crew returned from California and was able to pick up the Type 3 that was waiting on repairs in southern California.
- Submitted a grant with El Pamero for new mobile and portable BK radios.
- Sent a Wildland lieutenant out as a TFLD Priority Trainee.
- The District was awarded the House Bill 22-1194 Funding Grant for PPE. The total amount awarded was \$42,242.50. The grant includes 20 sets of structure PPE, 50 pairs of structure gloves, and 5 wildland fire shelters.
- Did a crew swap with the Type 3 in northern California.
- Should have the RFP for the battalion chief truck finished by September 13, 2022.
- Attended a webinar, Facing the New Recruitment Reality: Career and Volunteer

Strategies That Work. This will help Staff as the District looks to rebuild its volunteer ranks and help Staff adjust their hiring practices to get the right people to apply.

EMS/TRAINING UPDATES:

EMS/Training Division Chief Van Slyke presented the following updates to his report:

EMS Updates:

- Worked with Senior Staff to conduct data-driven research on the recommended ambulance fee increase.
- Grand River Hospital hosted a stroke course; CRFR had seven members attend the training.
- Crews assisted Vista Health with an in-service on their new evacuation chair.
- Attended various internal and external meetings.

Training Updates:

- Congratulations to Cody Lister for obtaining his Live Fire Fixed Facility Instructor certification and Emily Bosman for completing her Firefighter II certification.
- Crews logged 394 hours of training during the month of August.

Colorado River Fire Rescue Board of Directors Meeting Monthly Report

Division:Fire ChiefReport by:Leif SackettDate:October 11, 2022

This month's board packet includes new business items (1) review and consider radio PO for new utility vehicles and (2) review and consider resolution adopting the Garfield County Hazard Mitigation Plan. Old business is included (1) review and consider ambulance fee schedule.

Last week I received an email from Dave Reynolds the Town Manager of New Castle asking if CRFR was interested in the possibility of partnering with them regarding employee housing. The Romero Group is proposing a new development across the street from Station 64. In the development there will be apartments, townhomes, and single-family units, plus medical buildings, and other businesses.

When I met with Dave we discussed the possibility of ownership, deed restricted properties, and some sort of IGA between CRFR, New Castle, and the Ramero Group for a first right of refusal when a rental unit becomes available. These conversations are in the infancy stages as Dave has also reached out to Garfield School District RE-2. This is a great opportunity for CRFR and our employees as we grow. If the Board agrees I will continue the conversations and reach out to staff to gain interest of employee housing.

Since our last meeting, CRFR has had two part time employees resign from CRFR. We thank Steve Sandoval for his 15 years of service to our district and Ryan Wykoff for his 5 years of service to our district.

Our annual Rifle open house was a big success. Personnel did an amazing job of showing our apparatus, station, and giving demos. Kids had the pleasure of participating in a tugor-war and the bucket brigade. As well, they watched how personnel facilitated a rescue and fire attack in the burn tower and saw the importance of smoke alarms and residential sprinklers.

In closing I am continually appreciative and thankful to of the dedication we have from all CRFR membership. Without their endless pursuit of service, we wouldn't be where we are today.

Respectfully,

Leif Sackett

CRFR Board of Directors Meeting <u>New Business Action Item</u>

New Business: New Radios for New Vehicles. Meeting Date: October 11, 2022 CRFR Staff: Chief Sackett/IT Director Gredig

Executive Summary:

With the purchase of the new pickups, we need to install radios in each truck. Each truck has a different use and different radio configuration needed. These radios were included in the original cost of the new vehicles approved by the Board earlier this year, but because all the radios are being ordered from the same vendor, we are coming to the Board as the total PO is more than \$10,000.

Discussion/Background:

While we have moved radios from vehicles being replaced into the new vehicle, this is not recommended with our current radios due to them being past endo of life. Our plan is to begin replacing radios as we replace vehicles. This will allow us to gradually update our radios.

Our current mobile radios are Motorola XTL 2500 and 5000. These radios had a last sale date of 11/30/2014 with last supported date of 12/31/2019. If there is a change to the statewide radio system, requiring any update to the radios, our current radios would not be able to be upgraded, forcing us to replace all our mobile radios at one time.

While we have traditionally used Motorola 800mhz radios, we have been testing Kenwood radios in different configurations. Our pricing for Motorola and Kenwood radios are on the Colorado State Bid listing. If we were to purchase Motorola radios for the BC and Fire Marshal vehicles, the price would be approximately \$21,000. Switching to Kenwood, the price for the comparable radios is \$14,012. The Kenwood System allow the BC to easily patch an 800mhz tactical channel to a VHF tactical channel to enhance communications with Inter-Agency on wildland fires.

The Bendix King radios for the Wildland vehicles are required because of the need to easily clone radios on incidents and Bendix King is the "standard" for wildland firefighting.

The headset system allows the Incident Commander (BC) to block out the loud noises from apparatus on scene and stay focused on Incident Command. In addition, the system will

allow a second person to assist the Incident Commander with command and access the radios at the same time.

Advantages:

- Keeping our radio technology current,
- Using radios with technology better suited to our needs at a lesser cost,
- Helping keep Incident Commander focused on the needs of the Incident,

Disadvantages:

• Different radio in BC and Fire Marshal vehicle than in other vehicles.

Financial Impacts:

• Cost of equipment, already budgeted for replacement vehicles,

Options:

- Option 1: Transfer radios from vehicles being retired into new vehicles,
- Option 2: Purchase Motorola APX radios for 800mhz and Bendix King for VHF,
- Option 3: Purchase Kenwood 800mhz radios for BC and Fire Marshal vehicles, Kenwood VHF radio for BC vehicle, and Bendix King VHF radios for Wildland vehicles.

Staff Recommendations:

Staff recommends option #3. While we will have different radios in the vehicles, this is a very small difference. The newer technology that better meets our needs, at a lower cost, more than make up the difference. All 3 Battalion Chiefs have review the new radios, as well as several of the Lieutenants and are in favor of the Kenwood radios and headset system.

Associated Strategic Goals:

- Strategic Goal 3, Objective 4.1: "Establish reliable and interoperable communications with cooperators"
- Strategic Goal 3, Objective 6.2: "Continually review and adopt latest research to improve emergency scene operations and maintain progressive operational tactics."
- Strategic Goal 5, Objective 2.5: "Make sure interoperability is in place with cooperators and other organizations we work with."

CRFR Board of Directors Meeting <u>New Business Information</u>

New Business: Garfield County Hazard Mitigation Plan Meeting Date: October 11, 2022 CRFR Staff: Chief Sackett/Administration

Executive Summary:

Over the last year CRFR has participated and help developed a new Garfield County Hazard Mitigation Plan. The new plan has been reviewed and approved FEMA and the State of Colorado.

Discussion/Background:

Staff has worked with Garfield County Emergency Management and local jurisdictions to update the Garfield County Hazard Mitigation plan. Part of finalizing the plan if for CRFR to also adopt the plan as a participate. Once approved by the BOD CRFR will be able to apply for grant funding to assist in furthering our mitigation throughout our district.

Attached is a resolution stating CRFR adopts the updated plan. There are no financial obligation related to adopting the resolution

Staff Recommendations:

Staff recommends adopting the new updated Hazard Mitigation Plan through the resolution.

Associated Strategic Goals:

- CRFR Mission Statement: "We are dedicated to protecting life, home, and property through leadership, education and partnerships."
- **Strategic Plan Goal #3:** Seek to improve operational efficiency and effectiveness by shaping, enhancing, and adapting to changing circumstances.
- **Strategic Plan Goal #4:** Cultivate and strengthen relationships with stakeholders, governing bodies, cooperators, and the public.

RESOLUTION BOARD OF DIRECTORS OF THE COLORADO RIVER FIRE PROTECTION DISTRICT

A RESOLUTION ADOPTING THE GARFIELD COUNTY HAZARD MITIGATION PLAN UPDATE 2022

WHEREAS, The Federal Disaster Mitigation Act of 2000 was signed in to law on October 30, 2000, placing new emphasis on state and local mitigation planning for natural hazards and requiring communities to adopt a hazard mitigation action plan to be eligible for predisaster and post-disaster federal funding for mitigation purposes; and

WHEREAS, a Multi-Jurisdictional Hazard Mitigation Plan was prepared by Garfield County, Colorado, with assistance from JEO Consulting Group, Inc. of Wahoo, NE and,

WHEREAS, the purpose of the mitigation plan was to lessen the effects of disasters by increasing the disaster resistance of the county and participating jurisdictions located therein by identifying the hazards that affect the Colorado River Fire Protection District and prioritize mitigation strategies to reduce potential loss of life and property damage from those hazards, and

WHEREAS, the Colorado division of Homeland Security and Emergency Management and the Federal Emergency Management Agency reviewed and approved the Garfield County Hazard Mitigation Plan update as of August 2022, and

WHEREAS, FEMA regulations require documentation that the plan has been formally adopted by the governing body of the Colorado River Fire Protection District in the form of a resolution and further requesting approval of the plan at the Federal Level; and

NOW THEREFORE, the governing body of the Colorado River Fire Protection District does herewith adopt the FEMA approved Garfield County Hazard Mitigation Plan Update in its entirety; and

PASSED AND APPROVED this _____ day of _____, 2022

DIVISION UPDATES/INFORMATION:

<u>EMS</u>

- Congratulations to Crystal Peters for being accepted in Critical Paramedic School. She will be attending virtual classes with one week in person at Creighton University.
- Continued working on ambulance fee schedule research and data collection.
- Continued to work with Director Gredig on implementation of ImageTrend.
- Began working on Ambulance Licensing for CRFR and setting up ambulance inspections.
- EMS Committee is currently researching portable ultrasound and the possibility of carrying them on the ambulances. As well, they are researching droperidol as an addition to our drug box for extreme agitation.
- We received our supplemental reimbursement check from the State of Colorado. The total amount was \$201,235.90. We budgeted \$100,000 in reimbursement for the 2022 budget.
- Attended various internal and external meetings.

Training

- Congratulations to Kurt Lundin for obtaining his Fire Inspector I certification.
- Crews logged 555 hours of training during the month of September.
- Coordinated with DFPC to host and instruct a Fire Instructor II course for CRFR.
- Attended a Public Safety Leadership Development course hosted by the University of Denver with Chief Sackett.
- Shifts have started to complete team building training with Convergent Impact. This training helps members identify their specific personality traits as well as their shiftmates and how to interact with each other more effectively. All shifts and the Hallway will go through this training.
- Worked with the Hallway on the 2023 budget.

Division:Prevention, Buildings/Grounds, and Apparatus MaintenanceMeeting Date:10 /11/2022CRFR Staff:Division Chief Orrin Moon.

DIVISION UPDATES/INFORMATION:

Prevention Projects

- Reviewed final plans and made comments for Longview Development which was the Romero Development across from Station 64. New Castle P&Z passed the first reading with conditions.
- Reviewed and made comments on Eagles Ridge Ranch which is the town homes and apartments to the North/ East of Station 64. The developer has downsized the development from 30 homes to 20 town homes and removed an access street and apartment buildings. New Castle P&Z passed the downsizing, and this development is progressing.
- Received plans for 8000 SF addition to Walmart off Airport Road.
- Reviewed final fire alarm plans on the buildings H and I at River Trace in Silt. Conducted sprinkler underground hydrostatic and flush test both buildings.
- Received building plans and made comments for Xcel Rifle Compressor Station Recommissioning West of Rifle. They are building some small new buildings on their existing site.
- Received plans for an addition on a building in Rifle at Powerline Road. Building Department has requested more information on the plans of the addition.
- Received Garfield County Referral with plans and reviewed with comments on the existing South Leverich 13-09 gas pad located on Flatiron Mesa, South of Rifle. The pad has 4 existing wells and TEP Rocky Mountain is proposing to drill 21 additional wells on this pad. New state rules have required the county to review this drilling operation.
- Reviewed Garfield County Referral with plans on a new proposed Scott Contracting gravel pit on I 70 Frontage Road (CR 346) in the Mamm Creek area. This is the third time I have reviewed this gravel pit It didn't take long. Comments were made on addressing the gravel pit and the issues we have on this road with emergency response.

Inspections this month

- Tested fire hydrants on 5th street at the request of Colorado State Veterans home. They need a yearly flow test to stay in compliance with their rules.
- Mike Glynn and I conducted a fire inspection on the entire building at the Colorado State Veterans Home.

We have all been busy with actives this last month, here are activities since last board meeting:

- Sept 15-- Fire safety talk with 50 Wamsley preschoolers
- Sept 17-- Fire safety talk with boy scouts at Jolley Ranch
- Sept 21-- Station tour and fire safety talk with 12 preschoolers
- Sept 24—CRFR Open House, about 300 people and kids, thanks to Grand Valley Fire District for the use of the side-by-side burn rooms, thanks to local 4951 for the use of their grill trailer and thanks to the Sheriff's Office for putting the burn demo on face book.
- Sept 26-- Fire safety talk at Liberty Classical Academy 50 kids
- Sept 27-- Fire safety talk at Liberty Classical Academy 20 Kids
- Oct 1-- First Responder appreciation day at the Elks
- Oct 6-- Station Tour and fire safety talk with 20 boy scouts
- Oct 7-- Rifle Chamber chili cook-off
- Numerous football standbys for Coal Ridge and Rifle High School

I want to give special thanks for all the staff and board members that attended the Open House and a special thanks to Maria for taking on the organization of the event. Well done by all.

Upcoming CRFR Events

• Fire Prevention Week is October 9-15, this year's moto is "Fire won't wait. Plan your Escape".

Stations, Buildings and Grounds

- Fronter Paving has Station 61 on schedule for possible some time in October, still waiting on the final schedule.
- We scheduled 4 interviews with prospective part time building and grounds maintenance people and only one showed up for an interview. We are in the process of background checks before a job offer is made.

Apparatus Service and Maintenance

- Kreig Kasten has completed the County required ambulance inspections.
- Kreig, is working on repairs and vehicle maintenance on the wildland apparatus back from fires this summer.

Thank You for your time,

Prevention Chief Orrin Moon.

When comparing the information between the two graphs above, the data in the 911 Incidents reflect only incidents that require an immediate response. The data in the All Incidents graph reflects all Calls for Service that CRFR responded (911 plus additional calls that did not require an immediate response. The calls not requiring an immediate response include Flight Crew transfers, Wildland Fire Deployments, Medical Transfers, High School Standbys, and others.

The Call Volume increase noted in "All Calls" in 2018 is reflected due to 2018 was the only year that CRFR did Medical Transports for the entire year. CRFR was the Primary Medical Transport Agency for the last quarter of 2017, all of 2018, and the first half of 2019.

Heroes among us

I witnessed a wonderful act of kindness that probably happens more than what we see. I was driving on Airport Road in Rifle around 5 p.m. on Sept. 28 while traffic was being diverted around a serious multi-car accident. Several emergency vehicles were on scene, and, as I was driving by, I glanced over and witnessed a Colorado River Fire Rescue (CRFR) firefighter handing a young boy a toy firefighter helmet while consoling this young boy who was likely involved in the traffic accident.

What a class act of kindness! This would have been a traumatic event for anyone, and I can assume that this class act of kindness will be remembered by this young boy for a long time.

Thank you to the CRFR crew on scene this day. Witnessing this event reminds me that we have many first responders who exhibit such acts of kindness on a daily basis. You all deserve our adoration and appreciation for your selfless service to our community.
